Welcome and Thank You

- Our Services -

Karn Custom Woodwork is ready and able to serve all of your commercial and residential woodworking needs. KCW was founded in Fall 2003, its founder Tim Karn, has a total of 30 years experience in the commercial and architectural mill work industry. We have the experience in working with contractors, builders, architects, and design firms, and understand the attention to detail required to complete your projects correctly and on time.

Karn Custom Woodwork is able to provide all of the architectural details that your project may require, from commercial mill work, storefronts, windows, doors, and custom trims, to solid surface tops and custom cabinets. Additionally, we have expert installation crews to install our quality work. With our 26,000 square foot shop and an experienced and dedicated staff, we are prepared to meet your quality standards as well as your schedule. We look forward to working with you, for pricing and quotes please call or fax.

While looking through our catalog, please remember we create custom sizes and profiles, as well as pre - finished mouldings. We are also experienced in recreating historically accurate mouldings for historic projects.

Karn Custom Woodwork is doing our part to help conserve our natural resources by using sustainable practices to help protect our environment. We provide FSC (Forest Stewardship Council) certified materials as well as other sustainably harvested hardwoods or alternatives. These resources allow our clients to achieve a variety of MR and EQ credits in use for USGBC (U.S. Green Building Council) and LEED (Leadership in Energy and Environmental Design) Certification. We are also members of the Architectural Woodworkers Institute and focus on consistently exceeding their high quality standards.
